

# Push-pull test machine

## MODEL: WE-220S

This machine, suitable for all kinds of bias and tensile tests, comes with high force accuracy, easy operation, convenient settings and high degree of automation.

### Test items

1. Electronic product pressure test
2. Key press stroke and pressure analysis
3. Compression life test
4. Pressure and bending limit test
5. POGO test for iMac, notebooks and tablets.

### Product features

1. Pressure stroke and force can be adjusted according to customer's needs
2. High repetition accuracy
3. Test data can be stored
4. Suitable for 4~27-inch electronic product

## Customized testing equipment and tools

### Technical Parameters

Model	WE-220S
Max. stroke of pressure test axis	450mm
Max. stroke of tensile test	450mm
Max. number of tests	99, 999, 999 times
Control method	PLC + IPC
Display method	IPC display
Machine size	870mmX510mmX1800mm (L/W/H)
Power supply	AC220V 50HZ
Max. power	1200W
